PORSCHE 718 CAYMAN GT4 MR

The 718 GT4 introduced in 2019, was an evolution from the 981 GT4 and is notably fitted with a 4 litre flat-six engine. Power updated to 420ps along with a host of styling and mechanical changes. The Manthey-Racing equipment for the 718 is now available for those looking for the ultimate 718 GT4 for the road and track. As with all MR products the equipment has been exhaustively tested everywhere from the high-speed Autobahn, to alpine roads and various race tracks to ensure the best possible performance.

The 718 GT4 MR equipment consists of:

- MR Coilover suspension
- MR forged wheel set
- MR brake pads set
- MR steel brake lines front and rear
- Protective grill insert for engine air intakes
- MR air deflector
- MR gurney flap
- MR wing brackets
